

# MOTHERSHIP KAYAKING

ABOARD THE OCEAN LIGHT II

2020

*Ocean Light II Adventures*

Enjoying Calm Waters

## Overview

Our Mothership Kayaking Expedition will take place in Haida Gwaii and will explore the beauty of Gwaii Haanas National Park. Depending on conditions, the group may choose to kayak up to four hours per day. This trip is a *guided* mothership kayak tour and as such certified sea kayak guides will accompany guests during the kayak day-trips; there will be very limited opportunities to paddle without the guides. We will also have opportunities to walk on shore, watch wildlife, visit ancient Haida village sites, beach comb, sail, fish, and more!

## Gwaii Haanas

The Haida Gwaii (formerly known as the Queen Charlotte Islands) are a large archipelago that consists of 2 main islands and a myriad of small ones 120 kilometers off the northwest coast of British Columbia. Prior to 1977, the natural and cultural wonders of Moresby Island, the southerly of the two large islands, were little known except to a handful of biologists and archaeologists, and the Haida Natives. In 1979, some of the first ecotourists were brought to the area and began to discover the never-ending magic of the place the Haida refer to as Gwaii Haanas, meaning, 'place of wonder'. In 1988, the Islands Protection Society and its friends, and supporters, were successful in winning a hard fought battle which saw the creation of Gwaii Haanas National Park Reserve.

## Highlights

What are some of the things that make Haida Gwaii so incredible? The islands possess a biological and cultural treasure that is duplicated no where else on earth. South

Moresby has one of the richest Temperate Pacific Marine Zones in the world and has a coastline that is ideal to sail/cruise/kayak along due to the convoluted shoreline and countless islands. The area's biological treasures include towering forests of sitka spruce and red cedar carpeted by thick mosses, scenic bonsai bogs and alpine forests. There are also major salmon runs, rich and diverse intertidal populations, the largest Stellar sea lion population in B.C., as well as other abundant wildlife including seals, whales and porpoise.

The second treasure of Haida Gwaii is the Haida heritage. The Haida inhabited the islands for more than 10,000 years and habitation sites of various vintages are easily visible. Weather permitting, we will visit Windy Bay (Hlk'waah), Burnaby Narrows, T'anuu, and Sgan Gwaii (Ninstints), the hallmark of historic sites with its large standing totems.

## What's Involved?

Your 7 days of Mothership Kayaking aboard the *Ocean Light II* is designed to give you access by sailboat and by kayak to the best Gwaii Haanas (South Moresby) has to offer; from abandoned Haida villages such as T'anuu and Ninstantis, to the magnificent Pacific northwest rain forest, to intriguing natural history displays, such as busy sea lion haul-outs and colourful intertidal areas. The trip is designed as a two-way trip, starting in Sandspit and ending with a float plane trip back to Sandspit from within the park. The exact itinerary of your trip will be dictated by weather and sea conditions; however, we will use the long days to maximize your time and experience in the Charlottes. Sailing opportunities are limited as our prime objective is to use the *Ocean Light II* as a mode of travel between the spots of special interest so that you will have a chance each day to get in the kayaks to explore the waters and islands of Gwaii Haanas more intimately.

Fitness should be of a general level for this expedition; however, a good level of fitness will always make your trip more enjoyable, so please exercise regularly prior to your trip.

Join us for an exciting adventure filled week aboard the luxurious *Ocean Light II*. Kayak in some of BC's untouched wilderness, view wildlife with experienced guides, eat delicious meals around a cozy table and sleep in a warm, dry bed every night.

## Itinerary

You must arrive in Sandspit prior to Day 1 of your expedition. Those wishing to spend some time exploring before or after the trip can travel north to Graham Island to visit Queen Charlotte City, the native village of Skidegate, and the Haida Heritage Centre and Haida Gwaii Museum near Skidegate Landing.

Prior to or upon arrival in Sandspit, send Jenn an email at [adventure@oceanlight2.bc.ca](mailto:adventure@oceanlight2.bc.ca) to confirm taxi pick up time on Sunday, usually between 6:30 and 7:30 am.

This itinerary is a sample only – the exact itinerary of your trip will be dictated by factors such as weather, tides, and group interest, with the crew working within the parameters of safety, time, and the highlights of the area.

### Day 1 – L/D

In the early morning you will be taken by van/zodiac to meet the *Ocean Light II*. You may begin your trip with a visit to the magical moss-laden remains of west coast artist Emily Carr’s favourite Haida Village, T’anuu or “Seagrass Town”.

### Days 2 through 7 – B/L/D

Beyond T’anuu, we may take the Inside Passage through beautiful Darwin Sound with its steep-sided mountains into scenic De La Beche Inlet. If weather permits we may venture along the east side of Lyell Island and into magnificent Windy Bay (Hlk’waah), a primeval watershed of ancient cedar and spruce forests.

Further travels include cruising along the Tar Islets, and through Juan Perez Sound. Across Juan Perez Sound is Burnaby Narrows with an incredibly rich display of intertidal life. This area also affords access to the Charlottes’ alpine, with its ornate bonsai bogs studded

with miniature sundew. The narrows open southward into Skincuttle Inlet where we witness the unique and sometimes bizarre nocturnal habits of many of the nesting seabirds.

We leave the East Coast through Houston-Stewart Channel, passing by the old whaling station at Rose Harbour to the open West Coast. Here we visit Sgan Gwaii (Anthony Island), cultural site of Ninstints Village with its great display of Haida totems and spiritual ambience from the powerful past of its former residents. We may also have an opportunity to visit many of the surrounding inlets and western shores of Sgan Gwaii to view seals, sea lions, and breathtaking seascapes. Weather permitting we will travel to the very southern tip of the archipelago, Cape St. James.

During the morning of Day 7, our kayak guides will depart the boat in Rose Harbour. The *Ocean Light II* crew will continue the trip north back to a location that is ideal for the float plane. There will be a chance to kayak on this day.

## Day 8 – B

A float plane will pick you up in Gwaii Haanas and fly you back to Sandspit. In order to accommodate any delays in returning to Sandspit, **please book the afternoon flight to Vancouver.**

## More About the Trip

**The Boat.** The *Ocean Light II* is an Ocean 71' ketch and is thought by many to be the perfect B.C. Coast charter yacht. With thirteen Atlantic crossings, the *Ocean Light II* has the

pedigree and comfort to make any sailing experience with her one to remember. It has a spacious, well maintained interior of mahogany, authentic Douglas Fir and white enamel.

The layout offers 5 separate guest cabins that are closed off from the rest of the yacht. A berth will be assigned to each person upon arrival. There are two heads, a shower and the interior is all newly remodeled. The main salon located below deck is a spacious 14' x 17', which seats twelve comfortably while still leaving space to move about freely. There is ample deck space and she is very comfortable under sail. *Ocean Light II* features all of the extras expected: 19' hard bottom inflatable, ten kayaks as well as an extensive library for your enjoyment.

For more information about our boat – including images of the interior – just visit this page on our website:

© Chris Tulloch 2009

**The Guides & Crew.** Gord Pincock and his assistant will be your kayak guides for the expedition. Their years of expertise and safety record is unprecedented. Chris Tulloch will be the skipper/guide for this trip. He has been guiding on the coast since 1992 and specializes in marine mammals. Jenn Broom provides invaluable assistance as crew, guide and cook - she has been working on boats since 1991 and she'll make you feel at home aboard *Ocean Light II*. *Ocean Light II* Adventures and her crew continually contribute a

tremendous amount to the conservation of our endangered wilderness areas.

**Meals.** We take special care in preparing nutritious and delicious meals. All meals will be prepared aboard the sailboat and will include fresh seafood, homemade soups, breads and salads. Wine is served with dinner, and you may bring your own drinks to be consumed in moderation and only when the anchor is down for the night. We will not tolerate excessive drinking on our vessel. Clients have the option to assist in food gathering and meal preparation. If you're interested in joining in the fishing experiences that we take time to do, you must obtain a Tidal Waters license. See note on Page 7.

If you have particular dietary restrictions, please let us know well in advance.

**What About the Weather?** Weather along the coast can be variable. We can expect to have all weather conditions, warm sunny days and cool rainy days. Fog and

ocean breezes make it feel colder so come prepared for all conditions.

**Safety.** Your safety while participating in this expedition is of our prime concern. The crew is well trained in wilderness first-aid techniques and are very experienced in the environment. Ultimately your guide makes decisions with your comfort and safety in mind, yet tries to maximize the experience of the adventure for each individual. We stress that listening carefully to instructions and directions given by the guide is your ultimate responsibility and in the best interest of yourself and the group.
